Code Enforcement Green Building Resource Center

Presents an Education Seminar in partnership with the Texas Gulf Coast Chapter of the US Green Building Council

Tiny Houses in Houston

I want a tiny house that's off the grid. What's out there? Can you make them mobile and then attach them permanently to your lot? An Earth Day show and tell with two ACTUAL tiny houses to tour right here outside the GBRC! Two local builders, Shannon and David will talk about what they do; Donna will talk about some of the small houses she features in her book; Teresa, an appraiser, will talk about the appraisal industry and how it looks at green building and tiny houses; and Sheila Blake will talk about tiny houses and the building code. AIA & USGBC CEU's available.
