PURPOSE:
This competition seeks to elevate design in Houston’s affordable housing landscape by soliciting conceptual design entries for resilient single-family houses and one streetscape in the five pilot neighborhoods designated by Houston Mayor Sylvester Turner as “Complete Communities.” The Complete Communities initiative aims to revitalize Houston’s under-resourced communities, including enhanced access to quality affordable homes and improved public infrastructure. The five communities for this competition are: Acres Homes, Near Northside, Second Ward, Third Ward, and Gulfton.

Meetings are open to the public. Competing designers and community members are encouraged to attend.

This competition is organized by the Houston Chapter of the American Institute of Architects (AIA Houston) and the City of Houston with Council Member David W. Robinson, FAIA.
